Akos Comprehensive Care

Your employer has expanded their healthcare benefits package to include Akos as a direct primary care partner. As a member of the Akos health plan, you have unlimited access to many of the services Akos has to offer. The benefits listed are available to you with no copay and \$0 deductible.

On-Demand Care

No commutes. No waiting rooms. No need to reschedule the work day. Akos delivers high-quality care when and where your employees need it, 24/7. Our focus is on quality: from the seamless experience we offer to our national network of providers and care coordinators.

Benefits Wallet

With medical costs and insurance premiums on the rise, offering a convenient way to get benefits information in the hands of each and every employee empowers them to make informed decisions about their healthcare.

Dedicated Care Team

Get peace of mind with a personalized and coordinated care team for every patient. Our care navigators oversee the entire patient journey to ensure the patient is getting the care that best meets their needs. Combined with the power of our connected care portal, the entire care team has a unified view of the treatment plan to proactively make data-driven medical decisions.

Real-Time Analytics

Our state-of-the-art care management platform aggregates relevant data to better evaluate the risks and needs of a patient population. These reports and assessments help employers, providers and payors measure patient outcomes, provider performance and medical costs against defined metrics.

AkosMD Virtual Behavioral Health Services

AkosMD administers a virtual based behavioral health program that helps navigate members to counseling and psychological services. The patients dedicated AkosMD Care Navigator helps navigate the patient to the appropriate services and schedules the initial appointment and any follow-up appointments the patient may need.

Video Consults

Appointments with licensed counselors are available between 7am - 10pm 7 days a week. Patients may request the same counselor for subsequent visits. Crisis calls outside the scheduled hours are handled by trained behavioral health registered nurses.

Routine Virtual Psychiatry Consults

The attending physician/other medical professional may refer patients for psychiatric evaluation.

The Care Navigator will arrange for a video consultation between the psychiatrist and patient within a pre-determined timeframe. The consulting psychiatrist provides a written evaluation with conclusions and recommendations. Only noncontrolled substances can be prescribed via telepsychiatry. Patients requiring controlled substances are referred out for an in-person visit.

What's included in your plan

- + Behavioral Health Services
- + Virtual behavioral health assessments
- + Virtual behavioral health therapy
- + Unlimited visits
- + Referral to behavioral health clinic when necessary
- + Dedicated case manager

Conditions Treated Via Video Consult:

- Depression
- Stress
- Anxiety
- Eating Disorders
- Grief
- Family/relationship issues

AkosMD

Health Risk Assessments

The Health Risk Assessment tool is designed to help patients understand their health risks and take proactive measures to improve their well-being. Your Care Navigator will complete your personal health assessment with you, assign you a virtual primary care provider and you can even make your first appointment today.

- Demographic characteristics – age, gender
- Lifestyle behaviors – exercise, eating habits, alcohol and tobacco use
- Emotional health – mood, stress, life events
- Physical health – weight, blood pressure, cholesterol levels
- Current and previous health conditions
- Preventive screenings
- Readiness to change behaviors to improve health

Why is it so effective?

Because when employees are motivated by their values and interests, they feel empowered to move forward.
